

Product Specifications

Product name	CAT6 UTP
Product structure	1/0.5CCA×4Pairs+INSULATION HDPE+CROSS+PET+RIP CORD+JACKET PE
Construction	 The diagram illustrates the construction of the CAT6 UTP cable. On the left, a longitudinal view shows the four twisted pairs of conductors (orange, green, blue, and brown) emerging from the black jacket. On the right, a cross-sectional view shows the internal structure: four conductors (orange, green, blue, and brown) arranged in a cross pattern, surrounded by a white cross-shaped insulation layer (Cross), a white PET layer, a black jacket, and a white rip cord.
Size	1/0.5mmCCA±0.005mm×4Pairs
Insulation	Material HDPE
	Color ((See chart))
	External Diameter 1.0±0.1mm
	Eccentricity ratio≤5%
Jacket	Material PE
	External Diameter 6.3±0.2mm
	Sheath thickness0.6±0.1mm
Length	100M/305M
Marking	Sikkerheten-selv.no Nettverkkabel Cat6
